

# PATRONS

We are always happy to hear from people who have an interest in supporting SACOS but do not wish to perform on the stage or help behind the curtain. By becoming a Patron you can support the work & shows we do and receive some benefits for yourself - we have a number of packages available.

If you would like to support the Society by becoming a Patron we would be delighted to hear from you. Just choose which package you would like and complete the form or alternatively speak to any member of the SACOS committee.
